## Pickleball drop in Maximum Cap system January 2018

We are proposing a new system, similar to drop in Badminton and Drop in Ping Pong. 1<sup>st</sup> come 1<sup>st</sup> serve basis. Once the maximum number is reached there will be no entry to the program regardless of circumstances. Games are based on 9 points (unless we have a lower turnout, then it would be until 11). This new system would start in March 1, 2018. If you have any questions please email [Sadeep.keram@saanich.ca](mailto:Sadeep.keram@saanich.ca)

### Process for Customers

**30 Minutes prior** to session start time customers will be signed in by front desk staff and they can swipe their card or pay. Customers will receive a date sensitive sticker that needs to be worn and visible by front desk and pickleball staff (no sticker = no entry). Customers will be required to wait outside the Fieldhouse 5 minutes prior to start time. You can only sign yourself in, not your friends. Once session is full (on sign in sheet at front desk) no others can sign in, regardless of when the program fills up during that given session (if it fills up right away it's full for that session). Late entry to program will be permitted if there is space, please call ahead to avoid disappointment.
